Pension Scheme Update

AEA Technology plc ('AEA'), the energy and climate change consultancy, announces that The Trustees of the AEA Technology Pension Scheme have received confirmation from The Pensions Regulator that it does not propose to take any scheme funding action under section 231(2) of the Pensions Act 2004. The Pensions Regulator has reviewed the actuarial valuation as at 31 March 2008 and the scheme funding valuation summary, recovery plan and schedule of contributions.

This means that the plan and initial schedule of payments agreed between AEA and The Trustees in June 2009 to clear the scheme's past funding deficit has now been confirmed.
